

HOSUR MARKET

Dynamic Change By Dynamic Market Information

Mr.D.M. Loganathan

DMG Vegetable Merchant,

Shop No. 104,

HVVA Bathalapalli, Hosur-635109.

Mobile No. 9994625716

My name is Loganathan and I own a banana shop at Hosur market. I am having 40 acres of land in which tomatoes and capsicums are being cultivated. I market my products in local market. But I am unable to earn even the production cost. So I planned to sell my products in Chennai and Coimbatore markets. Then I came to know about DMI service and I joined by registering my mobile number.

Because of this service, I came to know the everyday market price details in Chennai and Coimbatore markets through SMS. Then I sold my products through the details of whole sale traders from www.indg website. Both my income and agriculture activity has been improved and I have got lots of benefits.

It would be helpful if the following services are rendered in future -

- Contract farming in vegetables.
- Deposition of amount in individuals account.

- Introduction of other state markets are some of the facilities needed for the upliftment of our social status

I express our heartfelt thanks to the Scientists of Tamil Nadu Agricultural University for introducing Dynamic Information and precision farming.
