Agrometeorological Advisories

Livestock:

1. Light to heavy rainfall expected for next three days.
2. Sheep and goats should be dewormed by using suitable anthelmintic by consulting with local veterinary doctor.
3. Farmers are advised to wash and clean the udder before milking and not to provide dusty roughage immediately after milking to avoid mastitis.

Agriculture (Krishi Vigyan Kendra, Kattupakkam)

Imp. Crops: Rice, Sugarcane and Groundnut

1. Due to expected rainfall farmers are advised to postpone the fertilizer and pesticide application to their crops.
2. The root zones of horticulture crops are covered with coir pith to conserve moisture.
