Agrometeorological Advisories

Livestock:

1. Moderate to heavy rainfall will be expected for next two days thereafter light rainfall expected from 10.06.2016 to 12.06.2016.
2. Due to expected rainfall farmers are advised to protect their feed ingredients to avoid development of aflatoxin.
3. Farmers are advised to withdraw the feed for the poultry during hot part of the day to avoid heat stroke and provide cool drinking water.
4. During high temperature farmers are advised to sprinkle water to high yielding dairy cows 2 or 3 time to reduce heat stress.
5. Farmers are advised to wash and clean the udder before milking and not to provide dusty roughage immediately after milking to avoid mastitis.

Agriculture (Krishi Vigyan Kendra, Kattupakkam)

Imp. Crops: Rice, Sugarcane and Groundnut

1. Due to expected rainfall farmers are advised to postpone the application of fertilizer and pesticide to their crops.
2. The root zones of horticulture crops are covered with coir pith to conserve moisture.
