Agrometeorological Advisories

Livestock:

1. Due to depression very heavy rainfall expected for next two days thereafter moderate rainfall for subsequent two days.
2. Farmers are advised to safe guard their animal from rain and chillness.
3. Farmers are advised to protect their feed ingredients from rainfall to avoid development of aflatoxin.
4. Farmers are advised to wash and clean the udder before milking and not to provide dusty roughage immediately after milking to avoid mastitis.

Agriculture (Krishi Vigyan Kendra, Kattupakkam)

Imp. Crops: Rice, Sugarcane and Groundnut

1. Due to expected heavy rainfall farmers are advised not to apply fertilizer and pesticides to their crops.
2. Excess water in the crop field may be drained out.
