- The Procurement price is only for dried and processed seeds with required Minimum Seed Certification Standards after test.
- The sale price includes cost of unit packing material.
- All the centres are requested to adhere strictly the approved procurement and sale price without any deviation until further revision.
- Revising the sale price by the individual centres without the approval of the Special Officer (Seeds) is not permitted.
- Proposal regarding the revision of procurement and sale price and addition of crop if any, for fixing the procurement and sale price may be sent to the undersigned for getting approval from the Procurement, purchase and sale price committee **once in six months.**
- The crop and variety name may be printed in bilingual language in kitchen garden packets.
