

Success Story of Rangasamy, Coimbatore

Rangasamy,
Rottikoundanur,
Coimbatore Dt.
Mobile: 9629705335

I am Rangasamy I belong to Rettigoundanur of Coimbatore district. My profession is agriculture. I have sown tomato as main crop in my farm; I am selling my produce at M.G.R. Vegetable market, Coimbatore. I Used to cultivate brinjal, bendhi, in my field according to season .for all produce the profit I earn is very less.

Fortunately, I happened to meet R.Cellapandian from TNAU Coimbatore, at M.G.R.market.

Through him I came to know about the DMI services provide by the TNAU and he explained me this service. He assured that he will send information to my mobile through SMS. In addition he listed me the formers who are benefited through this services.

It was a timely need for me. So I gave him my mobile number & asked for Tomato information at Coimbatore & mettupalayam market. From the next day on, I started getting information about the market rate & status.

I was almost frustrated with agriculture due to profit, but the service provided by TNAU revived my hope. I was well equipped with the market rate each day and this helped me to get a reasonable rate for my produce. I and my family are very happy to get good profit.

I am an uneducated farmer. So, I was unable to read the SMS myself. I am taking other's help to know the market rate. So farmers like me will be most benefitted if SMS are sent in Tamil language.

Also information on only one vegetable is being provided. I would like to know information on four to five crops. This would help farmers like us.

Finally, I would like to present my Thanks to the TNAU whose service enlightened the life of many frustrated farmers. I also request the institution to consider my request.
