I am Sathiya moorthi aged 32, born in a village near Kamuthi. I have studied up to +2. I am married and have two children. Due to personal reasons I migrated to Kumbakonam. For the past twelve years, I am working in whole sale shop in Nehru market Kumbakonam.

My Boss is treating me as a son and therefore I am working with loyalty and sincerity. Our shop trades Onion Bellary variety and Potato. Every day we buy these vegetables from Hosur and Bangalore and sell this to retail traders.

A few months back I came to know about TNAU - DMI service from kumbakonam market analyst. I have registered and now, receiving DMI information on market price of Onion Bellary of Mettupalayam and Coimbatore markets.

The DMI information helps me to know the day to day market fluctuations of the commodity and thus facilitates me to negotiate the price.

This DMI service motivates me and I have recommended this service to my friends and fellow trade's men.

If the DMI service is given in Tamil it will be of much help to farmers. If the market price is given in voice mail it would be more useful.

I wish to avail this as a free service. If awareness campaigns are conducted it will reach more number of farmers.

I am ready to help at any time for the successful implementation of the programme. I wish all success to the team.
