

## Case\_Study\_Mettupalayam Farmer

Name :Ponnuswamy

State: Tamil Nadu

Address: 203 Annaji Rao Street, Mettupalayam

Phone.No: 09865244136

My name is Farmer Ponnuswamy Belonging to Jadayampalayam village. I am uneducated person but proud to say iam a experienced farmer having 50 years of experience in Cultivating vegetables. Agriculture is our main profession. I learnt all type of practice from my father only Traditionally we are following all the agriculture practices to fetch good output. In our land we are Cultivating vegetables (i.e) Tomato, Brinjal, Bhendi, Pagal and also running vegetable shop in Mettupalayam,.

I met ur Analyst in Mettupalayam market, There he explains all the ongoing activities of the Directorate of Extension Education, TNAU, Cbe. And I came to know that DMI is the collaborative project run by TNAU (Tamil Nadu Agricultural University), Coimbatore & C-DAC (Centre for Development of Advanced Computing), Hyderabad. At present DMI contains 13 major markets functioning in and around Tamil Nadu. From the selected market, the analysts have to collect the price structure for each and every commodity and they have to update the information in the INDG website. The updated information is available in the INDG website called [www.indg.in/india/market\\_information](http://www.indg.in/india/market_information) and TNAU website called [www.tnau.ac.in](http://www.tnau.ac.in). The uploaded market information is also sent in the form of text message to the mobile number of each and every farmer. The SMS data's are available with two markets. This helps to compare the price of two near markets. So the farmers can sell their produce at a place where he will fetch a very high profit.

This is the first time in my lifetime I heard this kind of website running for farmers. With the help of the market analyst, now I have enrolled myself in DMI to get

Vegetable prices for Coimbatore and Mettupalayam markets. Thanks for Vivasayee FM which is Recently introduced by TNAU. My sincere thanks for this new venture.

I have enrolled for ur SMS service for two markets Mettupalyam-Coimbatore for Brinjal. I request all the farmers to enroll their mobile number in the DMI service. This helps us to sell the harvested produces to suitable market to fetch premium price for your hard work. My Sincere thanks to all the official staffs who working behind the DMI.
