

Case Study of Mettupalayam Traders Commission Agent Rajesh

Name :Mr.Rajesh
Age :32Years
Professi :Commission Agent
Address :Mettupalayam main market,
Annaji Rao street,
Mettupalyam.
09942946938

My name is Rajesh. I am Commission agent in mettupalayam market exclusively marketing local vegetables for past 10 years. Purchasing all local vegetables from local farmers and chathram. Trading is my main profession. I involve in marketing too. I learnt all type of business practice from experience only.

We use to sell vegetables by Auction. We mainly rely on Perianaickenpalayam, mettupalayam traders for sell vegetables.

I met ur Analyst in Mettupalayam market, There he explains all the ongoing activities of the Directorate of Extension Education, TNAU, Cbe. And I came to know that DMI is the collaborative project run by TNAU (Tamil Nadu Agricultural University), Coimbatore & C-DAC (Centre for Development of Advanced Computing), Hyderabad. At present DMI contains 13 major markets functioning in and around Tamil Nadu. From the selected market, the analysts have to collect the price structure for each and every commodity and they have to update the information in the INDG website. The updated information is available in the INDG website called [www.indg.in/india/market information](http://www.indg.in/india/market_information) and TNAU website

called www.tnau.ac.in. The uploaded market information is also sent in the form of text message to the mobile number of each and every farmer. The SMS data's are available with two markets. This helps to compare the price of two near markets. So the farmers can sell their produce at a place where he will fetch a very high profit.

This is the first time in my lifetime I heard this kind of website running for farmers, traders, and commission agents like me. With the help of the market analyst, now I have enrolled myself in DMI to get Vegetable prices for Coimbatore and ottanchathram markets.

I have enrolled for Ur SMS service for two markets mettupalyam-Coimbatore for Brinjal.

Thanks a lot for you for publish my picture in our website. I request all the Commission agents to enroll their mobile number in the DMI service. This helps us to market the harvested produces to suitable market to fetch premium price for your hard work.

My Sincere thanks to all the official staffs who working behind the DMI.
