Agro Advisory

Crop	Stage	Advisory
------	-------	----------

General		Farmers are advised to provide adequate drainage facilities to all crops due to light rainfall forecast.
		Farmers are requested to download and utilize the agricultural based mobile apps suggested by TNAU (TNAU AAS, Meghdoot and DAMINI).
Rice	Nursery	Considering favourable weather, prepare nursery for samba crop and make sowing.
	Main field	By utilizing weather condition land can be prepared for samba rice cultivation before rain.
Banana		Provide support with wooden poles to avoid lodging of tree due to wind.
Cattle	Cow	Since the onset of rainy season may attract mosquitoes breeding, farmers are advised to give Notchi leaves fumigation in dairy barn. Insect population has detrimental effect on milk quality.

SMS advisory

By utilizing weather condition land can be prepared for samba rice cultivation before rain.
