TNAU organized Training on Microsoft Excel
“Basic to Advanced with AI Integration”

Agricultural Engineering College and Research Institute, Tamil Nadu Agricultural University, Coimbatore organized a 3-Day Training on Microsoft Excel (Basic to Advanced with AI Integration) on 25th, 26th October 2025 & 01st November 2025 for 22 participants. The training aimed to enhance participants' proficiency in Microsoft Excel, focusing on advanced features and AI tools to improve data analysis, problem-solving skills and AI in Excel for enhanced predictive analysis. This program was designed to offer a deep dive into Excel's capabilities, from basic functionalities to advanced techniques like AI integration for more efficient data management and analysis. Participants learned to harness the power of Excel and its tools to streamline workflows and generate actionable insights from data. Dr. A. Raviraj, Dean (Engg.) inaugurated the session and emphasized the importance of Excel for engineers in decision making, planning and implementation. Dr. Balaji Kannan, Professor and Head, Dept. of Physical Sciences and Information Technology led the lectures and practical sessions. He guided participants throughout the sessions covering a wide range of topics, including the Excel interface, basic functions, advanced formulas, conditional formatting, power query and pivot tables.
