The Editor,

Sir,

I request that the following message may kindly be published in your esteemed daily:

**TNAU and M/s. Miyabi Agrosience Services inks MoA to provide
Agricultural Services**

M/s. Miyabi Agrosience Services (MASS), supported by a range of experienced researchers, offers comprehensive field-testing services for agrochemicals, biopesticides, biostimulants, fertilizers, plant nutrients, seeds and plant growth promoters and regulators. These services aim to scientifically evaluate product efficacy and field performance under diverse agro-climatic conditions, supporting safe, sustainable and farmer-centric agricultural innovations.

In this regard, Dr. N. Senthil, Director, Centre for Plant Molecular Biology and Biotechnology, on behalf of the Centre of Excellence in Biotechnology (COXBIT), TNAU, Coimbatore and Dr. Asaithambi Manickam, CEO and Founder representing M/s. Miyabi Agrosience Services, signed a Memorandum of Agreement (MoA) on 29.01.2026 in the presence of Dr. K. Subrahmanian, Acting Vice-Chancellor and Registrar of TNAU, Coimbatore. In this ceremony, Dr. C. Babu, Dean, SPGS, TNAU, Dr. E. Kokiladevi, Professor and Head, DPB, Dr. R. Suresh, Technical and Personnel Officer to the Vice-Chancellor also joined.
