TNAU organized Regional Workshop on "Climate-Resilient Soil Health Management Strategies for Promoting Carbon Farming"

The inaugural function of the Regional Workshop on "Climate-Resilient Soil Health Management Strategies for Promoting Carbon Farming" was organised by the Department of Soil Science and Agricultural Chemistry, Directorate of Natural Resource Management, Tamil Nadu Agricultural University, Coimbatore on 05.11.2026. The workshop conducted for the Agricultural Officers/Assistant Directors of Agriculture, Department of Agriculture and Farmers Welfare, Government of Tamil Nadu aimed to create awareness and enlighten the knowledge of climate-resilient soil health management practices and the role of carbon farming in improving soil health and promoting sustainable agricultural development.

Dr. R. K. Kaleeswari, Professor and Head, Department of Soil Science and Agricultural Chemistry, TNAU, Coimbatore, welcomed the gathering and provided an overview of the workshop, highlighting its objectives and significance in addressing emerging challenges in agriculture and natural resource management. Tmt. M. Tamil Selvi, Joint Director of Agriculture, Coimbatore District in her felicitation address insisted the need for reducing Green House Gas emissions and requested the participants of the workshop to popularise the technologies for enhancing soil carbon among the farmers.

Dr. S. Karthikeyan, Director, Directorate of Natural Resource Management, TNAU, Coimbatore, delivered the special address and emphasised the importance of building soil organic carbon for maintaining soil health. He also requested to promote carbon farming technologies and to empower the farmers by carbon trading.

Dr. K. Sathiya Bama, Organising Secretary and Professor (SS&AC), TNAU, Coimbatore, proposed the vote of thanks. Totally 72 participants from the Department of Agriculture and Farmers Welfare, Government of Tamil Nadu attended the workshop.
