To
The Editor,
Sir,

Date: 19.01.2026

I request that the following message may kindly be published in your esteemed daily:

TNAU conducts Training on Microgreen production and Value addition

A one-day training programme on “Microgreen production and Value addition” is scheduled to be conducted at Department of Vegetable Science, Horticultural College & Research Institute, Tamil Nadu Agricultural University, Coimbatore on **05.02.2026**.

Microgreens play a major role in health for improving the nutritional status of the human beings. However, it is very sparingly used in our daily diet. Microgreens are more nutritious and many value-added products can be prepared from microgreens for health benefits. This training programme aims to develop skills to entrepreneurs on the cultivation and value addition of Microgreens. The following topics will be dealt in the training programme:

- Providing practical cultivation skills
- Nutritional benefits
- Food Safety Protocols
- Quality consistency
- Sustainability
- Value addition
- Exploring business
- Marketing opportunities

Interested persons are requested to pay a training fee of **Rs.2,000/- (Rupees two thousand only)** (inclusive of 18% GST).

Place of Training: Department of Vegetable Science,
Horticultural College & Research Institute,
Tamil Nadu Agricultural University,
Coimbatore - 641003.

Bus stop: Gate No.07 (Botanical Garden gate), TNAU via Marudhamalai Road, Coimbatore.
